DARLINGTON GOVERNORS

NAME	PERSONAL INFORMATION
Audrey Lax	
	<p>Since my retirement from Royal Mail some years ago I have actively been involved with TEWV (Tees Esk and Wear Valleys) Foundation Trust in numerous ways. Firstly, by attending MHSSO (Mental Health Services for Older People) and Essential Standards meetings which I always find informative. I have taken part in PLACE (Patient Led Assessment of the Controlled Environment) and Peer Review inspections. I am committed to ensuring the patient voice is heard.</p> <p>As Chair of GOLD (Growing Older Living in Darlington) I ensure any information which is not confidential from these meetings is fed back to our Health Group. In turn the Health Group members cascade any relevant information to their own particular groups. This helps our members to understand the workings and sometimes complexities of activities the Trust is carrying out.</p> <p>Health for older people is a priority for me and I am a member of Healthwatch Darlington and also belong to my doctor's practice PPG (Patient Participation Group). As a member of the Darlington Community Council you can see I actively take part in networking.</p> <p>The Trust's AGM (Annual General Meeting) last year was very interesting and the amount of information stalls gave a wide variety of the scope of activity the Trust covers. I take my role as Governor seriously and will be actively involved for the Trust and ensure Trust members in Darlington are represented.</p>

DARLINGTON GOVERNORS

NAME	PERSONAL INFORMATION
<p>Joan Kirkbride</p> 	<p>I worked in the NHS for 38 years taking early retirement in 2017. I have worked in a number of NHS organisations which have had responsibility for mental health and learning disability services over these years. My final role in the NHS was as Director of Operations for the Health Research Authority, as a member of the Board, with specific accountability for Research Ethics Committees across England and responsibility for a large volunteer membership. I am very passionate about the benefits of clinical research.</p> <p>I have a number of friends and family who have previously and currently access the services of the Trust and experience of caring for people with mental health issues. I am looking forward to working with my fellow governors, staff and service users of the Trust to find out more about its work. I want to assist the Trust in helping to improve its services and to provide high quality service to people who use the service and their carers.</p> <p>I have taken time to think about what I want to do in my retirement and this is my first volunteer role which I have chosen because I am genuinely interested in the work of the TEWV NHS Foundation Trust.</p>

MIDDLESBROUGH GOVERNORS

NAME	PERSONAL INFORMATION
<p>Mary Booth</p> 	<p>My name is Mary Booth and I am a recently retired TEWV Occupational Therapist with over 30 years' experience gained at all levels from junior therapist to senior professional manager in the NHS mainly in Mental Health and Learning Disability services.</p> <p>I am passionate about the continued provision of excellent mental health and learning disability services and I am dedicated to supporting this as a public governor. I am especially interested in ensuring that the services provided enable service users in their recovery; by this I mean recovery focused services which support the service user's hopes and aspirations to live a meaningful life with or without the presence of mental ill health symptoms. Reducing stigma and ensuring service users are fully involved in the development of services is essential in a recovery focused service. I have a personal understanding of the importance of this because of the experience of family members.</p> <p>I have previous experience of being a school governor and have worked in a voluntary capacity for Woman's Aid in the past. Currently my voluntary work is with a local advocacy charity. I remain involved in my professional body and have been awarded the honour of being made a Fellow of the Royal College of Occupational Therapists.</p> <p>I welcome the opportunity to use my skills and past experience to support the work of the Trust as a governor. As a governor I will represent the interests of the Middlesbrough members and service users, making myself available at all local members' meetings to gain their views.</p>

NAME	PERSONAL INFORMATION
<p>Marie Cunningham</p> 	<p>I am a 64 year old mother and grandmother living in Middlesbrough where I was born. I'm passionate about the town and the people, with a focus and drive in helping and supporting people with their mental health and wellbeing.</p> <p>I have experience in the mental health field, having both experienced mental health problems personally and in supporting others. I have as a carer for my adult son, experienced first-hand the need for more services to be made available for those most vulnerable.</p> <p>Sadly, for me and my family my son lost his battle, leaving a hole that can never be filled. I am now more than EVER determined to drive forward the need for support within our community for those affected by mental health issues.</p> <p>I've always wanted to be part of the solution, not the problem and that's why I founded 'Inward Bound' a community well-being organisation in Middlesbrough. I enjoy seeing people change the way they think and live, in a supportive, non-judgmental environment.</p> <p>Since losing my son, I've had to embrace much of what I teach and have also worked closely with TEWV to make the changes needed. I have seen TEWV passion to make things better and I would like to work with them to enhance the work already in place.</p> <p>As a governor I WILL take on this role with passion AND compassion.</p>

making a difference together

SCARBOROUGH AND RYEDALE GOVERNORS

NAME	PERSONAL INFORMATION
<p>Judith Webster</p> 	<p>In 2011 I was fortunate to be elected as a local governor of the Tees, Esk and Wear Valleys NHS Foundation Trust. My election promise was to widen my existing contribution to the Trust and to pursue other opportunities that could influence the planning and delivery of effective healthcare services.</p> <p>Being a governor has allowed me that voice of influence, not only in the improvement of service delivery but more especially in support of the carers and families who struggle, as I did, with the challenges of caring for someone suffering from mental health issues.</p> <p>Prior to my election I was already volunteering much of my time to various groups and committees but the platform of governorship has allowed me to do more. For example, I have spoken at one of David Cameron's Dementia Conferences and I regularly give talks to mental health trainee nurses and doctors about recognising the practical aspects of healthcare delivery. I sit on the Dementia, Neurodegenerative Diseases Research Network in London and the North East and the National Institute for Health Research. I am also involved in 'Supporting Excellence in End of Life Care in Dementia' and have been elected as a Carer Representative at the Royal College of Psychiatry.</p> <p>It is at these levels that the voice of a governor can be heard and what the journey of contribution towards local change is all about. My journey is not over yet, there is so much more to do.</p> <p>Please get in touch if you have something to say. I can be contacted by calling the Trust Secretary's Office on 01325 552314 or emailing them at tewv.ftmembership@nhs.net and they will pass on your details to me.</p>

REDCAR & CLEVELAND GOVERNORS

NAME	PERSONAL INFORMATION
<p>Mark Carter</p> 	<p>Having had an excellent care programme given to me as a service user. This was delivered to me in my time as a service user by Redcar Psychosis Team. Looking back and at the time it was delivered by some great trust staff who I came into contact with. I would say the care given exceeded my expectations simply because at the time I never imagined I would get back to being the same person I was before my illness. In my own words they helped put me back together again.</p> <p>So why did I want to be a governor?</p> <p>A - At the very least to help maintain those care standards B - To look to improve those care standards if possible</p> <p>To maintain is to standstill. To improve is to move forward. So B should be the main target to aim for. Equally I would like to act as a voice of others who might have issues, be it negative or positive, towards care received from the Trust and take that to the Board.</p> <p>Through my ongoing Involvement Work with the trust I've carried out and enjoyed sitting alongside Trust Staff and Directors on interview panels and other events.</p> <p>Taken part in many PLACE assessment inspections at trust sites.</p> <p>Passed a 3 day governance process Kaizen programme for Service User Involvement.</p> <p>Given a stand up talk to 80 student nurses about my lived experience of services</p> <p>I'm now a peer support worker for Trust Health and Wellbeing groups in Redcar.</p>

STOCKTON-ON-TEES GOVERNORS

NAME	PERSONAL INFORMATION
Gary Emerson	
	<p>I have been involved in the management and delivery of mental health and dementia services within the voluntary sector for more than 25 years. I was previously the Northern Region Development Officer for the Alzheimer's Society and am currently the Chief Executive of a Local Association of the mental health charity, Mind. I live in the Stockton Constituency and work with people with mental health issues throughout the North East of England. Our charity provides a range of services and projects including specialist housing, day services, ICT training, dementia day care, counselling, an Anger Management Service and a Rapid Response Suicide Prevention Service. We support more than 700 people with mental health issues each year and as CEO I have overall responsibility for ensuring the charity is properly resourced and provides high quality services which are delivered by well trained staff.</p> <p>I want to focus my work as a governor at TEWV NHS Foundation Trust on the needs of people who use the Trust's services, its interaction with the voluntary sector and ensuring that the user's and carers voice is heard loud and clear.</p> <p>I want to ensure that TEWV provides the highest quality of care and that it strives for excellence in all areas of its work, particularly in these times of austerity.</p>

NAME	PERSONAL INFORMATION
Mark Eltringham	
	<p>I'm a former service user, volunteer, 'involved' patient, agency worker and employee of the Trust. As such I have had a vast experience of the trust at all levels of the Trust. I'm passionate about service improvement and service development. As somebody who has seen treatment services from both sides of the desk I'm a genuine advocate of service user involvement and the move towards co-production. I'm also interested in the political context in which services operate and how we enable them to function effectively and efficiently. I'll be a vigorous, engaged, approachable and visible governor</p>

STOCKTON-ON-TEES GOVERNORS

NAME	PERSONAL INFORMATION
<p>Gillian Restall</p> 	<p>I have had experience of mental illness as a service user and by volunteering. I firmly believe in listening to the views of service users and carers to make positive changes and aid recovery. I think my personal qualities, coupled with first-hand experience of service user's expectations and needs etc. provide me with skills to represent others in an effective way.</p> <p>I have been a parent governor and co-opted one at a primary and secondary school and taught 300 children cycling proficiency skills. I initiated and organised a patient participation group at my medical centre.</p> <p>I'm an information volunteer for Healthwatch. Recently I received recognition of personal achievement award from Mind and, as a result of the Borough Council's survey re over 50's and loneliness; I set up a group with church support called Young at Heart. The group meets every Monday at Glebe Community Centre in Norton and we speak about diverse topics, particularly focussing on mental ill health and Carer's needs. Recently I received an award, Volunteer of the Year, from the Catalyst Chronicle Stockton-on-Tees. The award was sponsored by Hartlepool and Stockton CCG.</p> <p>My involvement with the Trust:</p> <ul style="list-style-type: none"> • Feedback to medical students • Substance Misuse • Leadership Course • Hospital Assessments • Patient Experience Team • Research into Mental Illness Group <p>My personal qualities lend themselves to the role of governor. I am approachable, with a high degree of empathy and integrity. I recognise the responsibility of the post and feel confident in my ability to meet the needs of service users with a holistic approach to support, motivate and improve recovery.</p>

NAME	PERSONAL INFORMATION
Sarah Talbot-Landon	
	<p>I have been greatly privileged to be a Governor for the Trust. In this time, I have demonstrated key credentials such as empathy, compassion and the ability to listen. I highly value the voices of every service-user/carer and member of the public.</p> <p>In my pursuit to create positive change, I have ensured that the TEWV leadership are held accountable for keeping safe and valuing service-users by:</p> <ol style="list-style-type: none"> 1. Requesting that all risk assessed in-patients across the trust be given their own room key. This empowers patients and aids recovery. 2. Passionately promoting openness and transparency with regard to the management of untoward deaths/serious injury. 3. Having conversations with the board to ensure patients feel safe. 4. Co-producing a child-friendly suite for families to visit West Park Hospital. 5. Co-producing a full renovation of the Goodall outpatient centre, to create a welcoming and safe atmosphere. 6. Recruiting staff with the integral values that count. <p>I served 11yrs in the Prison Service as a Senior Psychologist, medically retiring in 2010 when I suffered a breakdown. I battle everyday with severe Bipolar and have regularly spent time as an in-patient.</p> <p>I live through trauma everyday therefore I understand the pain and suffering experienced by trust users. My professional outlook enables me to seek positive assurances from the board.</p> <p>I am determined to live the best life I am able to and am driven to make a difference by positively and passionately advocating improvements throughout TEWV.</p>

DURHAM GOVERNORS

NAME	PERSONAL INFORMATION
<p>Clifford Allison</p> 	<p>My name is Clifford James Allison, (“Cliff”), and I am well into my second term as a Public Governor for Durham.</p> <p>My background is in nursing, (RMN, RNLD (semi-retired)), I return to my roots as often as possible by assisting with Lanchester Road Hospital's garden project. And although I am interested in all aspects of both fields, my main professional interests are in Learning Disabilities, Autism, Dementia, and Adult Mental Health. I am also a complementary therapist and a qualified Reiki Master.</p> <p>I have spent most of the last 50+ years trying to improve the lot of people with all sorts of disabilities in the NHS, Social Care and the Private Sector, and I am currently the learning disability representative for the DDES CCG.</p> <p>I also attend and contribute to Durham C.C. SAF and other events, The North and Cumbria Learning Disability Network, as well as advising Durham Police's Disability Independent Action Group.</p> <p>In addition, I am a founder member and vice-chair of Community Hands, an organisation assisting victims of hate crime.</p> <p>Living in Baldersdale and having a small hill farm there means that I have a network of farming and other friends which gives me an understanding of the needs and problems experienced by them and the rest of the rural community.</p> <p>I have enjoyed my term as a governor and am assured that I have, in that capacity made a difference. I feel that I have served my constituents, service-users and TEWV well and will use my previous experience to the benefit of all.</p>

DURHAM GOVERNORS

NAME	PERSONAL INFORMATION
Sandra Grundy	
	<p>I applied for a Governor post within Tees, Esk and Wear Valley Foundation Trust because I feel I have a lot to give to people within my area on Mental Health Issues.</p> <p>I am a 66 year old retired NHS worker within the above Trust for around 18 years at Derwent Clinic, Shotley Bridge Hospital. I started in reception in 1995 and helped cover Adult Mental Health and MHSOP and learning all aspects of the post. In 2002 I applied for Medical Secretary post and was successful and worked for Consultant, Staff Grade, Junior Doctors for 10 years again learning as I went on. I thoroughly enjoyed working within Mental Health Services and took semi-retirement and went back to work within CPN department. I feel I have worked in a team environment and if I was successful in gaining a post as Governor I will give 100% to help.</p>

DURHAM GOVERNORS

NAME	PERSONAL INFORMATION
<p>James Creer</p> 	<p>I am a Psychology Graduate from Durham University and a Crisis Counsellor supporting individuals facing a range of issues including depression and suicidality. I strive to be a Governor to ensure the Trust recognises and acts on the mental health crisis facing all in our society. Whilst I would particularly advocate innovative work in mental health, I would approach all issues with passion, collaboration, and critical analysis to make sure the best possible service is being delivered for our community.</p> <p>What Can I Bring?</p> <ul style="list-style-type: none"> • A fresh perspective and approach • Critical analysis for accountability and scrutiny • An understanding of challenges and barriers facing young people • Knowledge and experience of mental health issues • Trustee experience from Durham Student's Union <p>Mental Health issues, I think, are the biggest societal challenge we face so I'm striving to ensure processes undertaken and support offered is efficient and impactful. This issue affects us all and can be implicated into additional health problems so by tackling this efficiently, we can better meet the needs and demands of the NHS.</p> <p>Being a new member to the Trust I am determined to use my passion, perspective, knowledge and experience to help our community, no matter what challenge they face. So please, vote for James Creer as one of your Governors and let's support our beloved service to meet the challenges of our society.</p>

DURHAM GOVERNORS

NAME	PERSONAL INFORMATION
<p>Graham Robinson</p> 	<p>It is now one year since I retired. Well before my retirement I decided that I would relish giving something back to society and the NHS was where I set my sights.</p> <p>This is the 70th year of this wonderful organisation which has given so much help to both my family and myself. This is my opportunity to repay that assistance and importantly, give something back.</p> <p>I am a retired sports journalist, though for the latter years of my working career I was employed as Communications Manager with Sedgfield Borough Council and then Durham County Council following local government reorganisation in 2009. Married for 44 years, we have 38 year old twins and five grandchildren.</p> <p>The last 12 months have turned out to be something of a whirlwind. I had no pre-conceived expectations of what was expected, which I found encouraging. It in effect gave me a blank canvas to learn as many aspects as possible of the Governor's brief.</p> <p>I've attended countless meetings over the year as both interest and fact gathering exercises and I have gauged the differing roles of Executives, Non-Executives and Governors.</p> <p>I was voted on to the Quality Assurance Task Group and have shown a keen interest in crisis housing issues.</p> <p>I am more than happy to get involved in what is required. My goal is to help and assist in these times of great austerity where severe financial pressures are heavily placed on Health and Care providers. Fortunately the Prime Minister has recently announced future increased final backing to the service which augurs well for the future.</p> <p>My hope is to bring my skills and understanding to assist the Trust and the community of County Durham.</p>

HARTLEPOOL GOVERNORS

NAME	PERSONAL INFORMATION
<p>Jean Rayment</p> 	<p>I have been a carer for my husband for the past ten years until his recent death and have been involved with my local Carer's organisation during this time. I have attended several Mental Health Forum meetings and events and am particularly passionate about care of Alzheimer's sufferers and their carers.</p> <p>I live and work in Hartlepool where I began working in the public sector in 1985 in environmental health and am now retired. This is not the first time I have had experience of mental health problems as my younger sister was affected by epilepsy and fitting from a very young age and it caused deep distress to the whole family. My experience of mental health support now has shown me how far this service has improved over the years. My own mental health suffered as a result of my husband's diagnosis and declining health and I became a service user myself as a result of this. My experience of these events has made me realise how important appropriate support is for people who find themselves in this position.</p> <p>There appears to be a great deal of services available, but accessing it is not always straightforward or easy. I would like to see a 'one-stop shop' approach to obtaining help and advice for service users and carers, and also a more sensitive approach to mental health sufferers with regard to generic medication as my experience has shown that this can be quite stressful when names of medicines change.</p>

HARROGATE AND WETHERBY GOVERNORS

NAME	PERSONAL INFORMATION
<p data-bbox="188 347 411 383">Hazel Griffiths</p> 	<p data-bbox="466 421 1394 1151">I am a carer for a relative who has severe depression and my son who has Autism. I am a retired ED nurse. I have been a public governor for three years and I am passionate about the physical and mental wellbeing of service users and family carers, As a Governor I am actively involved in promoting co production within the trust, parity of esteem and positive behaviour support. Force reduction where we use less physical restraint within the trust. Autism Strategy framework, STOMP and part of Harrogate and Rural District transforms steering group and Communications and Engagement working group to help plan a 12 week period of engagement to ensure service user and carers voices are at the heart of developing community mental health services for adults and older people. My vision is to see services delivered locally, a community model of care for individuals with Autism, Learning Disabilities and Mental health. I want to ensure that nurses are given the skills, support and necessary tools to deliver sincere, kind, compassionate and therapeutic care. I campaign constantly to raise awareness around the valuable role family carers play in the care of their loved ones.</p> <p data-bbox="466 1191 1383 1955">In the trust I am actively involved in many focus groups, events and inspections. I am passionate about the continued provision of excellent mental health services, prevention, reducing isolation and loneliness, which can often lead people into crisis and I am dedicated to supporting this as a public governor. I am especially interested in ensuring that all services work and communicate together to ensure service users and carers receive the care they deserve in often times of great distress, at their lowest point in life, loss of hope and come to our services for safe, quality care and experiences, through a trauma focused, recovery, therapeutic way, which support the service user and carers to lead a meaningful life. In the community, I am involved in many mental health groups, carer groups and listen to the good and not so good experiences. I am part of the National Autistic Society Harrogate branch and help raise awareness around autism within the community through arranging an annual conference and providing information and advice to parents and professionals. Nationally, I have been involved and contributed with projects run by Department of Health around the Mental Health Act and NHS England Mental Health Taskforce.</p>

HARROGATE AND WETHERBY GOVERNORS

NAME	PERSONAL INFORMATION
Chris Gibson	
	<p>I have lived in the Wetherby area for 23 years and, like most people, I am an occasional recipient of NHS care.</p> <p>I feel the universal provision of health care is a unique and valued privilege to which ordinary people can, and perhaps should, take an active part when the opportunity arises, thus becoming a giver and not just a taker.</p>

NAME	PERSONAL INFORMATION
Jules Preston	
	<p>We know that mental ill health can strike at any time especially as we get older. In reality it affects all age groups with 1 in 4 suffering with mental ill health at some time in their lives. Many struggle with associated problems such as poor physical health, unemployment, drug &/or alcohol abuse, housing problems or simply the pressures of life, or of being a young person competing in today's society. And yet such services on offer are not considered in the same way as acute hospitals are considered. More funding has been promised recently with the NHS 5-years financial forecast; we will see.</p> <p>I was a non-executive within the NHS for some 25 years with the last 13 as a Chairman firstly at Northumberland, Tyne & Wear NHS Foundation Trust. NTW is a Mental Health & Learning Disability Trust and now embraces care in North Cumbria. For the last 6+ years I have been Chairman of Mid Yorkshire Hospitals NHS Trust and a governor at SWYPFT. I therefore have a lot I feel that could be contributed having experienced the role of Regulators, of Commissioners, of NHS Boards and of Governors.</p> <p>I am very keen on the role of members through the Council of Governors. Members and Governors can be very helpful and supportive in assisting a Trust to achieve its objectives. Trusts and Boards benefit from being held to account but it must be approached constructively and from an intention to always have service users in mind.</p>

YORK GOVERNORS

NAME	PERSONAL INFORMATION
Christine Hodgson	
	<p>My involvement with mental has been through being a carer for my son with complex needs. I would like to use my experience and skill to support carer's and their families to improve and challenge the service. I know the struggles families experience and having the right support is crucial. Also having a sister with Autism and Learning Disabilities. I have a lot of experience to bring to the trust. I have a passion to improve the services and support for Autism and Adhd and bring more skill into these areas. I have worked supporting special needs children for over 22 years and I am now a volunteer for Healthwatch listening to people talk about Health and Social Care. Also I do enter and view and place visits. I am a passionate and approachable person who listens and is a voice for the people.</p>

NAME	PERSONAL INFORMATION
Professor Tom McGuffog MBE	
<p>Awaiting Photograph</p>	<p>I have been actively involved in mental health services for 15 years. I have served on mental health appeal panels for several trusts including York and The Retreat. I worked as an executive director for Rowntree and Nestle and as a non-executive director for the NHS in York and London and for MOD Procurement and Logistics. I was Head of the UK delegation to the United Nations for trade facilitation and electronic business. I have written books on Value and its management and have been Visiting Professor at universities including Glasgow. I am on the Executive Committee of York Older People's Assembly and on the Audit Committee of the Joseph Rowntree Foundation and Housing Trust. I help to support a number of people with health, legal and financial concerns. I am very aware of the interaction between physical, mental and practical support problems, and I wish to encourage developments in these areas.</p>

REST OF ENGLAND GOVERNOR

NAME	PERSONAL INFORMATION
<p>Carol Jones</p> 	<p>I wanted to be a Public Governor because as a former Head teacher; and a current member of our Regional Clinical Research Network Executive group, I have considerable skills and expertise in governance.</p> <p>I've gained knowledge of NHS complex and diverse organisations, its practices and financial and HR procedures. Currently I represent the public and patient engagement area within my remit.</p> <p>As a former patient I bring a voice of those receiving care and as a professional I bring my expertise to challenge and aid the Trust's executive.</p> <p>I will assist the Board of Governors as follows:-</p> <ul style="list-style-type: none"> • Assist to the long term objectives of the Trust by influencing continuous improvement of health services. • Engaging in dialogue to provide advice for robust long term planning of health services. • Encouraging ideas to further develop research in medical improvement for the benefit and needs of patients and wider community. • Supporting and ensuring annual reviews in order to deliver high quality services in line with the Trusts objectives. • Ensure there is accountability and allocation of resources for the benefit of all its hospitals. • Working in co-operation, co-ordination and being committed to be the eyes and ears of the public, patient, staff and respond positively to the local community. • Working as a team with other Governors and responding appropriately when consulted. <p>In this time of transition I would like to see the Trust emerge as a leader through innovative research and the highest clinical care.</p>

Staff Governors

CORPORATE CLASS GOVERNOR	
NAME	PERSONAL INFORMATION
Dr Judith Hurst	
	<p>My role in the Trust involves managing a variety of education and training programmes for all Trust staff. Hence I am passionate about ensuring all staff have equal access to a wide range of developmental opportunities that will ensure they have the right skills for their role. Having well supported and developed staff supports TEWV in providing excellent high Quality Care.</p> <p>As staff governor I believe I can help all corporate staff members for the following reasons;</p> <p>I have worked in the Trust for 30 years and in this time have developed a wealth of knowledge about the Trust and its services which I feel allows me to become involved in Trust wide discussions.</p> <p>I always uphold the Trust values and behaviours and in this role would ensure that I would support any corporate staff who approached me with needs or issues that the governing body can assist with.</p> <p>I am a very transparent and open person and do my best to always be happy and caring with all I meet at work.</p> <p>I am a good listener and think that those staff who know me will agree they can always come to talk to me about anything and I will provide meaningful time and support.</p> <p>Dr Judy Hurst, Head of Workforce Development HR/OD</p>

FORENSIC CLASS GOVERNOR	
NAME	PERSONAL INFORMATION
Glenda Goodwin	
	<p>I have worked for the Trust for nearly 10 years, mainly in the Forensic service, also for the children's service and have even helped out in the Adult Challenging Behaviour service so I think I have a wide knowledge of the Trust. Recently I was on secondment to the project's team and travelled extensively around the Trust which gave me an insight to other areas, which I really enjoyed.</p> <p>With your support I would like to represent the Forensic service as a staff governor as I believe that I am a good listener, easy to talk to and easy to get along with and can converse with all members of staff from cleaners to Chief Executive with ease.</p> <p>I believe in sharing best practice whatever the role and always happy to help out where I can and if I don't know the answer to a problem am always willing to find out who does.</p>

NORTH YORKSHIRE AND YORK CLASS GOVERNOR

NAME	PERSONAL INFORMATION
------	----------------------

Lynne Taylor

Our values underpin every aspect of the work we do at TEWV. I want to ensure we maintain the highest of standards and develop ourselves and others by showing our commitment to care. I have been working in Learning Disabilities since I qualified in 1998 and I am passionate about ensuring our Patients, Carers, individuals and staff have a say in Trust decisions & practice as we move forward in the challenging times of the NHS.

I have set up a Shadow Quality Board which consists of service users from across North Yorkshire and York. The board empowers service users to have meaningful engagement and decision making opportunity. Over the last three years they have been actively involved in influencing change within the Learning Disability structure. Using this experience I would like to make sure our members' views and opinions can be represented in an effective manner within the governing body structure.

I will bring energy, enthusiasm and integrity to the role of staff Governor. I will ensure we as a Foundation Trust continue to strive and look at new innovative ways to improve the services we offer. I will fulfil my responsibilities with focus and dedication, ensuring staff, patients, members and other key stakeholders are represented in a fair, balanced and pragmatic way. I have a proven track record of team working and effective communication skills and I will tackle issues in a strong and confident manner, whilst also respecting others' views and opinions.

DURHAM COUNTY COUNCIL	
NAME	PERSONAL INFORMATION
Lee Alexander	
	<p>I started my adult social care career in 1992 working for Durham County Council. I have remained with the local authority since and undertaken a wide variety of role during this time. In 2001 I became the Carers lead and managed the commissioning and development of a range of service to support carers in the caring roles. In 2007 I took the lead for 'safeguarding adults' and subsequently went on to strategically manage Practice Development in the Adult Care service as well as Direct Payments, and the Access Service (Social Care Direct).</p> <p>Throughout my career I have been committed to developing professional practice to support individuals who have health and social care needs, based on high quality person centred care.</p> <p>I am currently employed as the interim Head of Adult Care.</p>

Lisa Pope

I am the Deputy Chief Operating Officer of Hambleton, Richmondshire and Whitby Clinical Commissioning Group. In this role my remit includes responsibility for the strategic commissioning and performance management of mental health and learning disabilities services. I am committed to working closely with the Trust to ensure that we collectively enable delivery of the best possible services.

I have been a resident of North Yorkshire for more than 20 years and have worked with and within the NHS for almost 15 years. Prior to taking up my leadership roles in the NHS I worked for 12 years as a professional Management Consultant specialising in Healthcare Consulting and gained extensive experience across the Commissioning, Acute, Community, Specialist, Mental Health, Learning Disability and Offender Health sectors.

I am personally passionate about Mental Health and Learning Disabilities services and about creating an integrated health and care system which addresses both the physical and mental health needs of our diverse population in a fair and equitable way.
